ABOUT ME

Detail-oriented Computer Science & Engineering student and MERN Stack Developer Intern with a proven track record of building responsive frontend interfaces and robust full-stack applications. Passionate about software engineering, scalable web technologies, and clean code architectures. Adept at translating complex requirements into intuitive user experiences, supported by strong analytical problem-solving and technical agility.

TECHNICAL SKILLS

Frontend Development: HTML5, CSS3, JavaScript , React.js, Tailwind CSS, Bootstrap, Responsive Web Design

Backend & Databases: Node.js, Express.js, MongoDB

Programming Languages: Java, Python, Core JavaScript

Developer Tools & Architecture: Git, GitHub, Netlify, VS Code OOPs (Object-Oriented Programming).

PROFESSIONAL EXPERIENCE

• MERN Stack Developer Intern

(Feb 2026 - June 2026)

At Code of School | Inforage Technology

Indore - India

Full-Stack Engineering : Developed and deployed scalable web applications using the MERN stack, ensuring seamless integration between React interfaces and Node.js/Express REST APIs.

System Architecture: Optimized performance by designing reusable React components and structuring efficient MongoDB schema definitions for high data integrity.

Agile Collaboration: Leveraged Git and GitHub within structured agile sprints to manage version control, perform code reviews, and streamline team development workflows.

TECHNICAL PROJECTS

CodeQuest Website (E-Learning Platform) | HTML5, CSS3, JavaScript, Local Storage

Developed an interactive e-learning platform with dynamic programming roadmaps, quizzes, and discussion forums, using a custom database model to track user progress and quiz scores.

Netflix Clone | HTML5, CSS3, JavaScript

Built a responsive video streaming frontend utilizing dynamic data fetching from external APIs to display trending content, featuring an interactive search bar and sleek movie trailer modals.

Forever Diamonds & Gold (FDG) Clone | HTML5, CSS3, JavaScript

Engineered a luxury e-commerce interface featuring high-fidelity interactive product grid layouts, smooth image hover transitions for material finishes, and a dynamic cart calculation logic.

Personal Portfolio Website | HTML5, CSS3, JavaScript

Engineered a mobile-first responsive portfolio showcasing live full-stack projects, featuring optimized asset loading times and interactive UI animations.

EDUCATION

• B.Tech in Computer Science and Engineering

Oriental University, Indore | 9.25 / 10 CGPA

(2023 – Present)

• Higher Secondary Examination (Class XII)

Gyan Ganga Public School, Chhindwara | 80%

(2021 – 2022)
